(4) Carriers shall notify the Commission of any change in classification or when their annual operating revenues exceed the Class I limit by writing to the Bureau of Accounts, Interstate Commerce Commission, Washington, DC 20423. In unusual circumstances where the classification regulations and reporting requirements will unduly burden the carrier, the carrier may request from the Commission a waiver from these regulations. This request shall be in writing specifying the conditions justifying the waiver. The Commission then shall notify carriers of

any change in classification or reporting requirements.

(c) For classification purposes, the Commission shall publish in the FEDERAL REGISTER annually an index number which shall be used for adjusting gross annual operating revenues. The index number (deflator) is based on the Producer Price Index of Finished Goods and is used to eliminate the effects of inflation from the classification process.

NOTE: Each carrier's operating revenues will be deflated annually using the Producers Price Index (PPI) of Finished Goods before comparing them with the dollar revenue limits prescribed in paragraph (a) of this section. The PPI is published monthly by the Bureau of Labor Statistics. The formula to be applied is as follows:

$$\text{Current year's annual operating revenues} \times \frac{1986 \text{ average PPI}}{\text{Current year's average PPI}} = \text{Adjusted annual operating revenues}$$
